Ex-chief of staff confirms payola

Says even wives, kids enjoy perks, too

By Marissa A. Reyes

A former chief of staff of the Armed Forces has confirmed the existence of a multi-million peso payola pool at the Camp Aguinaldo general headquarters, an earlier account by military newspaper *Interp* reported.

The former general said he was part of the payola pool and that he received millions of pesos from the pool. He said that the payola pool was used to bribe officials and to influence the military. He said that the payola pool was a major problem in the military and that it was a major cause of corruption.

Bomb in Maguindanao meant for bus is work of extortion gang

MANILA (AP) — A bomb planted in the rear part of a bus in the town of Marikina, Maguindanao province, Monday morning, was the work of an extortion gang, police officials said.

The Marikina town council said the bomb was planted in the rear part of a bus owned by a private company. The bus was carrying passengers from Marikina to Zamboanga.

TOYOTA

OTA

WE OWE OUR 9th CONSECUTIVE TRIPLE CROWN TO YOU.

Thank you very much for continuing to choose Toyota vehicles
for your business and for staying loyal.

As a result, we have won the
Triple Crown for the 9th straight year.
We know that we could not have done this without you.

With 44,855 overall units sold in 2020,
Toyota again achieved the highest sales among
its competitors, bagging 33 % of the automotive market.
We ruled the Passenger Car category with 2,022 units sold,
and dominated the Commercial Vehicle segment, selling 35,823 units.

We are very grateful for this honor. More importantly,
we will continue to work hard to serve you and your
business needs, because we know you are our best asset.

 **TOYOTA**
moving forward

[illegible]

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

[illegible]

A tradition of craft

[illegible]

The formula

[illegible]

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: the control group (CG) and the experimental group (EG). The CG was divided into two subgroups: the control group (CG) and the control group (CG). The EG was divided into two subgroups: the experimental group (EG) and the experimental group (EG). The subjects were divided into two groups: the control group (CG) and the experimental group (EG). The CG was divided into two subgroups: the control group (CG) and the control group (CG). The EG was divided into two subgroups: the experimental group (EG) and the experimental group (EG).

[illegible]

1. The first step is to identify the variables in the model. In this case, the variables are the number of hours worked per week (X) and the number of hours per week that the individual is willing to work (Y).

2. The second step is to estimate the parameters of the model. This can be done using ordinary least squares (OLS) regression. The OLS estimates of the parameters are given by:

$$\hat{\beta}_0 = \frac{\sum_{i=1}^n Y_i - \bar{Y} \sum_{i=1}^n X_i}{\sum_{i=1}^n X_i^2 - \bar{X} \sum_{i=1}^n X_i}$$

$$\hat{\beta}_1 = \frac{\sum_{i=1}^n X_i Y_i - \bar{X} \sum_{i=1}^n Y_i}{\sum_{i=1}^n X_i^2 - \bar{X} \sum_{i=1}^n X_i}$$

3. The third step is to test the hypotheses. The null hypothesis is that the coefficient on the variable "hours worked per week" is equal to zero. The alternative hypothesis is that the coefficient is not equal to zero. The test statistic is given by:

$$t = \frac{\hat{\beta}_1}{\text{SE}(\hat{\beta}_1)}$$

4. The fourth step is to compare the test statistic to the critical value. The critical value is given by:

$$t_{\alpha/2, n-2}$$

5. The fifth step is to make a decision. If the test statistic is greater than the critical value, then we reject the null hypothesis. If the test statistic is less than the critical value, then we fail to reject the null hypothesis.

The term pla

Figure 1. The effect of the number of iterations on the accuracy of the proposed algorithm. The figure shows two plots. The left plot shows the accuracy (in %) versus the number of iterations (from 0 to 100). The accuracy starts at approximately 85% and increases to about 95% after 100 iterations. The right plot shows the accuracy (in %) versus the number of iterations (from 0 to 100). The accuracy starts at approximately 85% and increases to about 95% after 100 iterations.

Figure 1 consists of two line graphs. The left graph plots growth rate (h⁻¹) on the y-axis (0 to 1.0) against temperature (°C) on the x-axis (10 to 40). It shows two curves: a control (solid line) and a mutant (dashed line). The control curve starts at ~0.2 at 10°C, peaks at ~0.8 at 30°C, and drops to ~0.2 at 40°C. The mutant curve starts at ~0.1 at 10°C, peaks at ~0.6 at 30°C, and drops to ~0.1 at 40°C. The right graph plots growth rate (h⁻¹) on the y-axis (0 to 1.0) against temperature (°C) on the x-axis (10 to 40). It shows two curves: a control (solid line) and a mutant (dashed line). The control curve starts at ~0.2 at 10°C, peaks at ~0.8 at 30°C, and drops to ~0.2 at 40°C. The mutant curve starts at ~0.1 at 10°C, peaks at ~0.6 at 30°C, and drops to ~0.1 at 40°C.

UEA turn back NBL fines

The United European Association (UEA) has turned back the National Basketball League (NBL) fines. The UEA, which represents the interests of basketball players, has filed a lawsuit against the NBL, claiming that the league's rules are unfair and discriminatory. The NBL has responded by stating that its rules are necessary to maintain the integrity of the league and protect the interests of its members.

Original Pacquiao trainer dies

The original trainer of Manny Pacquiao, a legendary boxer, has died. The trainer, who was known for his strict discipline and dedication to his athletes, passed away after a long illness. His death is a significant loss to the boxing community, as he was responsible for shaping Pacquiao into one of the greatest boxers of all time.

Sinulog—the hottest party down south

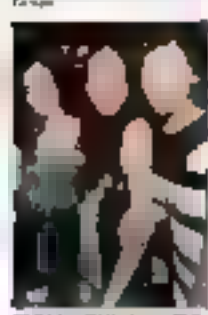

The relentless
3-day revelry began
in the clubs with
the count's
hair-raising
before moving to
the streets

By Ryan Loo and Gerald Reyes
PHOTOGRAPH BY JIMMY LEE

WITH a few more days
to go, the Sinulog
Festival is in full swing.
The three-day celebration
began in the clubs with
the count's hair-raising
before moving to the
streets. The festival
is a celebration of the
city's rich cultural heritage
and is one of the most
important events in the
city. The festival is a
celebration of the city's
rich cultural heritage and
is one of the most important
events in the city. The
festival is a celebration of
the city's rich cultural
heritage and is one of the
most important events in
the city. The festival is a
celebration of the city's
rich cultural heritage and
is one of the most important
events in the city.

NCCA'S PHILIPPINE ARTS FESTIVAL AT SM SUPERMALLS

30 Years of McDonald's

Three decades of good times and great taste

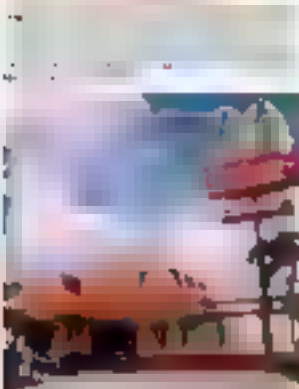

The world's most famous fast-food chain is celebrating its 30th birthday. Since 1955, McDonald's has grown from a single restaurant in San Bernardino, California, to a global phenomenon with over 30,000 restaurants in more than 100 countries. The company's success is a testament to its commitment to quality, service, and innovation. McDonald's has always been a place where families can enjoy a meal together, and it continues to be a place where people from all backgrounds can find a sense of community. The company's iconic golden arches logo is a symbol of its enduring legacy, and its commitment to providing a consistent experience to its customers is a testament to its success. McDonald's has always been a place where people can enjoy a meal together, and it continues to be a place where people from all backgrounds can find a sense of community. The company's iconic golden arches logo is a symbol of its enduring legacy, and its commitment to providing a consistent experience to its customers is a testament to its success.

Silent boycott worse than all sanctions

By Dave Karger

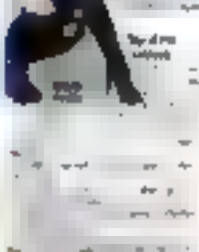

THE PERFECT 10 PARTY BOYCOTT
A group of people are protesting against the film industry.

By Dave Karger

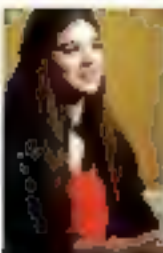

It's not just the film industry that's being boycotted. It's the entire entertainment industry. The boycott is a silent one, but it's a powerful one. It's a boycott of all entertainment products, from movies to music to TV shows. It's a boycott that's being led by a group of people who are passionate about social justice and human rights.

The boycott is a silent one, but it's a powerful one. It's a boycott of all entertainment products, from movies to music to TV shows.
